EXPERIENCE

Software Engineer

Diviso Softtech | Palakkad, Kerala | 07/2024 – Present

- Developed, tested, and deployed new features for high-impact projects, enhancing user functionality.
- Collaborated on multiple projects, leveraging skills in **Core Java, Spring Boot, MySQL, REST APIs**, and **Agile methodology** to ensure timely delivery.
- Led knowledge-sharing sessions for the team, boosting team productivity by through best practice implementation.
- Regularly contributed to refining project processes, resulting in **55% improvement** in code quality and efficiency.

Fullstack intern

LXI Technologies | Palakkad, Kerala | 01/2024 – 06/2024

- Contributed to the successful launch of client projects by implementing full-stack solutions using **Java, HTML, CSS, JavaScript, Flutter, React, and Spring Boot**.
- Improved code quality and functionality, increasing application efficiency.
- Collaborated with cross-functional teams in an **Agile environment**, meeting project deadlines consistently and delivering client solutions within scope.
- Assisted in establishing **Git-based version control practices**, reducing code conflicts.

PROJECTS

INTrack | Diviso Softtech | 09/2024

A transformative tech education app that enables users, even as young as 18, to excel in full-stack development while enhancing coding skills and self-confidence.

- Reporting Engine Creator:** Led the design and implementation of a **Reporting Engine**, optimizing data management and display, and reducing reporting time.
- Developed features for exporting reports in **PDF** format, enhancing documentation and analysis efficiency.
- Created user dashboards for real-time achievement tracking, improving user engagement and satisfaction metrics.
- User Dashboard:** Created a platform for users to track achievements, monitor progress, and gain performance insights.
- Certificate Generation:** Automated the issuance of completion certificates, fostering user motivation and engagement.
- Technologies:** **Java, REST APIs, Spring Data JPA, Spring Boot, MySQL, HTML, Thymeleaf, CSS, JSP**

EDUCATION

Master of Computer Applications

Bharathiyar university

10/2024 - Present Coimbatore, Tamil Nadu

- Currently pursuing Master of Computer Application (MCA)
- Expanding expertise in advanced computational technologies and software development practices.

Bachelors of Computer Applications

AJK college of arts and science

03/2020 - 03/2023 Coimbatore, Tamil Nadu

- Comprehensive exposure to trending computational technologies and leading programming languages.
- Completed Bachelor of Computer Application (BCA) studies

VOLUNTEERING

Social Impact & Leadership

LXI Technologies

- Hackathons & Competitions:** Developed solutions with Java and Spring Boot during hackathons.
- Open-Source Contributions:** Actively contributed to GitHub projects, enhancing open-source tools.
- Mentorship & Community Engagement:** Guided junior developers and engaged in tech community discussions on GitHub and Stack Overflow.

SUMMARY

Software Engineer with expertise in Core Java, Object-Oriented Programming (OOP), Flutter, Spring Boot, and MySQL, contributing to high-impact projects at Diviso Softtech since July 2024. Skilled in full-stack development and web technologies, with hands-on experience as an Associate Software Engineer (Java Fullstack) at LXI Technologies, utilizing HTML, Spring Boot, and GitHub. Dedicated to continuous learning and delivering robust, scalable solutions in dynamic environments.

SKILLS

Core Java **Flutter** **Spring** **Spring Boot**

Spring Data JPA **HTML** **Web Services**

MySQL **REST API's** **OpenAPI** **Devops**

Agile Methodology **Git** **GitHub**

Javascript **CSS** **Open Source** **Streams**

Dart **Object-oriented Programming**

Thymeleaf **Lambda Expression** **JSP** **TDD**

Servlets **Microservices** **Tomcat** **Maven**

KEY ACHIEVEMENTS

Professional Milestones

* **Technical Mastery:** Proficient in **Java, REST APIs, Spring Boot, and Flutter**, contributing to multiple impactful projects with measurable success.

* **Team Leadership:** Organized and conducted training sessions, enhancing full-stack skills and improving team proficiency.

* **Project Optimization:** Played a critical role in reducing project timelines through streamlined Agile practices.
